"Your confidence warrants our personal supervision."

Dear Fellow Nurseryman:

May we take this opportunity of saying "Thank You" for the wonderful patronage of the past seasons. Your response to quality—NAUGHER QUALITY—materials is indeed gratifying and we are humbly grateful. We anticipate with pleasure the opportunity of serving **you**.

You can rest assured that Naugher's tradition of QUALITY will characterize the material offered herein. Our constant aim is IMPROVEMENT—improved growing—improved packing—more varieties—better service.

A word or two to correct some misconceptions as to the location of Chase, Alabama, geographically. We are situated in Northern Alabama just outside Huntsville, Alabama, and about fifteen miles from the Alabama-Tennessee State Line, in the heart of the Tennessee Valley. We have ideal climatic conditions for the production and marketing of nursery stock. Our shipping season begins about November 1st and extends usually through April 15th. Thus a strategic location with excellent transportation facilities for servicing nurserymen in most any area.

Several wholesale nurseries are located in this area, making an ideal situation for the buyer of diversified stock, in that each has his own particular specialities. While we are still competitors, we strive to work together for the mutual advantage of all, especially you, our valued customers and friends.

You are always welcome to visit us—an "Open Door" welcome awaits you at Naugher Nursery—and we welcome your suggestions as to how we may better serve **your** needs.

You'll Like NAUGHER'S Quality!
Sincerely,

T. W. "Tom" Naugher — R. L. "Bob" Reeves
